

Telecare sensors can form a part of an overall care at home package, allowing the user to stay safe and independent at home. These items are used in conjunction with the Careline alarm. Costs are in addition to the standard Careline set up and rental/monitor fees.

	Product	Price
Bed/Chair Occupancy Sensor	 <p>Provides an early warning by alerting that the user has left their bed/chair and not returned within a predetermined time period. Bed sensors are pad only. Requires Universal Sensor (£60)</p>	£42.08 – over mattress £36.67 – under mattress £34.58 - Chair
Bogus Caller Button	 <p>Fitted near a door, this discreet button can be used to call for assistance when a stranger requests entry into a home.</p>	£42.08
Carbon Monoxide Detector	 <p>Warns of dangerous CO levels within a property allowing the appropriate action to be taken.</p>	£85.00*
Enuresis Sensor Kit	 <p>Placed between a mattress and a top sheet, this sensor provides immediate warning on detection of moisture to allow effective action to be taken.</p>	£137.50
Epilepsy Sensor Kit	 <p>Provides warning of an epileptic attack whilst in bed, sending an alarm to carers and the monitoring centre.</p>	£294.17
IVI intelligent pendant with fall detection	 <p>Automatically detects a serious fall and raises an alert. Can also be raised as a personal trigger.</p>	£79.00
Vibby	 <p>A wrist worn fall detector, including a manual button to raise the alarm.</p>	£79.00
Flashing Beacon	 <p>Flashes brightly when a Telecare event is generated. Also lights one of its LED's to help the user identify which Telecare item has generated the alarm. Requires Mylife X10+DDA adapter (£68)</p>	£68.33
Flood Detector	 <p>Provides an early warning by raising an alert of potential flood situations in the home.</p>	£71.67
Heat Detector	 <p>Raises an alarm when temperature around detector reaches 58°C. For rooms where smoke detectors aren't advised as they are likely to cause false alarms.</p>	£58.33*

Medication Reminder Dispenser		Provides effective solutions to medication compliance. Can be used to provide other reminders if required.	£157.50
Minuet Watch		A personal trigger incorporated into a watch for use in the same way as the standard button. Ideal for wearing when an alarm needs to be more covert.	£68.33
Movement Detector (PIR)		Detects movement and raises an alert, allowing the 24 hour Careline support with the ability to audibly verify and record the presence of an intruder. Can also detect for long periods of inactivity.	37.92
Natural Gas Detector		When the natural gas detector detects natural gas an alarm will be raised. It can also be linked to a complete gas shut-off solution.	£177.50* Socket covers: Single - £7.92 Double - £9.17
Pressure Mat		24 hour monitoring of inactivity or intruders, dependant on individual needs.	£9.17
Property Exit Sensor Kit		Provides an early warning by alerting that the user has left their home and not returned. Not currently supplied by South Somerset Careline – please contact Tunstall on 01977 660479.	Traditional £231.25 Virtual PES (fast PIR £49)
Universal Sensor		An alternative door usage sensor. Generates an alarm call as soon as a door is opened.	No longer provided
Smoke Detector		The radio smoke detector raises an instant alarm if it detects smoke, ensuring any potential fire situations are always responded to.	£43.00*
Sounder Beacon		Offers both visual and loud audible signals when a sensor or telephone is activated. Ideal for the hard of hearing.	£73.75
Vibrating Pillow Pad		Vibrates to alert a sleeping user to a potentially dangerous situation, such as a smoke alarm sounding. Requires add-ons that vary depending on set-up.	£11.67 Add-ons: £138 - £220

If you are interested in any Telecare items, please discuss with Social Services and arrange a home care assessment, or call Careline to discuss what items could meet your needs. Items marked * are currently free of charge if referred to us by the Fire Brigade. Free home fire safety visits can be arranged through calling **0800 05 02 999**. All prices are one-off and subject to VAT.
